

## **RROC Homeowners Association, Inc. – Rules and Regulations**

The following rules and regulations are designed to protect the property owners and to maintain the value and appearance of our neighborhood. Many of the rules presented are restatements of the rules contained in the “Declaration of Covenants, Restrictions, and Conditions” of the Association. These rules do not replace the Governing Documents of the Association, but they do augment them in an effort to better explain the expectations of the Association.

All correspondence for the Architectural Control Committee (ACC) concerning problems or questions should be directed to the property management company.

### **Use of Homes**

A. All homes are single family dwellings only and must be properly maintained at all times as described by the Board, ACC, or its agents.

B. House maintenance, alterations, or construction

1. Lawns must be properly maintained. Grass should not exceed 5 inches and be edged. Do not place any debris in the common area.

5. Wading pools, slip and slides, swing sets and other equipment must not be installed in front of unfenced side yards.

6. No window AC units are allowed to be visible from the street on which the house fronts. The usage of these devices are not conducive to the neighborhood feel of the community.
